

## 2008.06.03 - Now part of the Montra do Portugal Inovador

The Montra do Portugal Inovador, according to ADI, is a tool created for portuguese innovative companies, with the intent of divulging, in a continuous form, their results of innovation of products or services, at national and international levels.

blueCAPE has submitted some of its products and services, which have been assessed, and are already available in [www.portugalinovador.pt](http://www.portugalinovador.pt) (2013.12.19: that site is no longer operational).
